

Jackie Brufflodt is a dynamic speaker who will challenge you to become all that God has called you to be in Christ Jesus. Expect God to move, expect Him to manifest at the power of His Word.

IF I COULD THINK OF ANY ONE WORD TO DESCRIBE MY LIFE, I THINK IT WOULD BE "OVERCOMING".

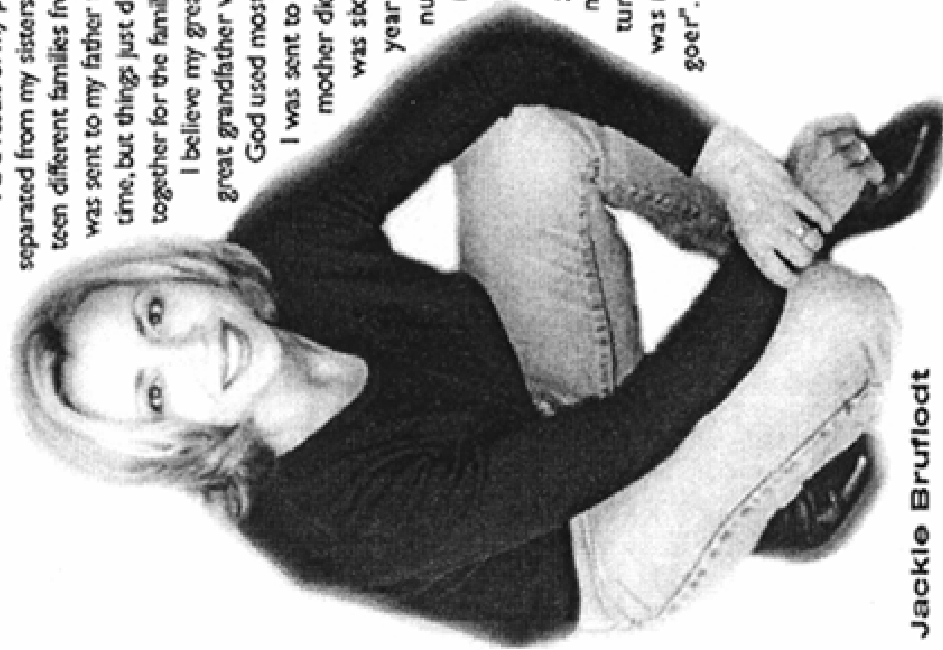

The baby of four girls. We were abandoned by our mother when I was two, through suicide, and had a father running as fast and hard as possible from the Lord. This was definitely either a give up or overcome beginning.

As a result of my parents choices I was separated from my sisters and lived with thirteen different families from two to eighteen. I was sent to my father for short periods of time, but things just didn't seem to come together for the family.

I believe my great grandmother and great grandfather were the people

God used most to influence my life.

I was sent to them when my mother died, and stayed until I was six. That short four year period of love and nurturing would be remembered throughout my life. My great grandmother made me memorize scripture even though she was not a "Church goer". Little did I know

Jackie Brufflodt

how the Word would become my foundation for survival.

At age twenty-one, after a very troubled time in my teens, I surrendered my life to Jesus, but that was just the beginning of a long road to healing and deliverance.

Twenty-two years later, I can truthfully say my wounds and bruises have been healed and deliverance from the "Bondage" of sin has come. During these last twenty-two years the Lord has trained me for "Such a time as this".

I attended Calvary Bible School's two year program (Calvary Cathedral in Ft. Worth, TX), after which I taught high school Bible for three years at Calvary-Christian Academy. I was a leader in street evangelism, and conducted an outreach known as *Jesus In The Park* to the poor and lost. I also headed up a Kids Club and ministry to women in the projects in Ft. Worth, TX.

My husband Marshall, daughter Rebekah, son Christian, and I left for Zambia, Africa as missionaries in October of 95. For four and a half years we lived and disciplined many in the body of Christ. We started a Bible School, and both my husband and I did radio for *Christian Voice*. We spoke in many churches, and helped to raise up eleven churches during our four and a half year stay.

Our vision is discipleship for the nations. My heart is to teach the nations *God's Covenant with His people. His deliverance from their real enemy, and how they can walk in love, joy, and peace in His Kingdom.*

I have prayed and seen many people healed by the power of God since the beginning of my walk with Jesus. My most recent experience was *.....* in Uganda, Africa where the gift of the working of miracles was manifested through a 13-year old african boy. He was lame from birth, but today he is *walking and rejoicing because of God's faithful Word...you shall lay hands on the sick and they shall recover and by His stripes ye ARE healed.*

Jackie knows and has experienced God's covenant to His people and His power to deliver them and she wants to share this with you and the nations.

She has been called "a Prophetess to the Nations", but she prefers to be known as "Jackie, a woman who knows and loves Jesus".
